## Earthquake Actuated Gas Shut Off Valves

Pacific Seismic Products manufactures ASCE 25-97 listed seismic actuated valves for residential, commercial and industrial applications.

Our product line includes seismic actuated valves for automatic natural gas shut-off during an earthquake. These valves are available in both horizontal and vertical configurations. We also offer Specialty Valves, Remote Actuator, 3-Way, Electrical Switch and a monitoring System for your unique gas control needs.

**Vertical and Horizontal Sizes** ▶  
**Available from 3/4" to 8"**

**NPT and Flanged** ▶

**Pressure Ratings from 0-60 PSI** ▶

**Residential, Commercial** ▶  
**and Industrial Applications**

## Why use Pacific Seismic Gas Shut-off Valves?

- Each valve is individually tested and has a tracking number. This ensures the highest quality possible.
- Valve seals are not compromised by the foreign debris found in gas lines. 30 year warranty.
- No maintenance required. Other companies require expensive maintenance every five years.
- Insurance companies are recommending gas shut-off valves.

## Specialty Products

### Model 400 - Three Way ▶

This valve is used for specialty gases, such as nitrogen, propane or dry air.

### Model 501 ▶ Remote Actuator

The 501 trips any California valve when 24V AC/DC is present from panic button, gas sensor, smoke or fire alarm.

### Model 510 Electrical Switch

- Double-Pole
- Double-Throw
- 20-Amp Switch with standard trigger

### MS Monitoring System Option

PSP's Monitoring device signals the valves status, either open or closed.

Made In The USA
