Accessories

▼ Limit Switches ▼

Open and closed position limit switches can easily be fitted to both wrench and gear operated valves.

▼ Power Actuation ▼

A variety of pneumatic, hydraulic and electric actuators can be fitted to Milliken valves. Actuators supplied by leading manufacturers can be fitted including accessories such as limit switches and positioners.

▼ Lubricant Guns and Lubricants ▼

Lubricant types available for a wide range of services; Natural Gas, Propane, Landfill Gas etc. Plus various Lubricant Guns are available for efficient and controlled plug valve Lubrication. Handles the heaviest plug valve lubricant/sealants. Builds pressure up to 10,000 lbs.

▼ Steam Jacketed Covers

A range of steam jacketed covers can be fitted to Milliken valves. Steam jackets are used on viscous services, such as asphalt, where heat is required to keep in a liquid state. Steam jackets can also be installed on 3 way valves.

▼ Wrenches

A malleable iron wrench is available with all CSA approved Lubricated Plug valves. A variety of wrenches including standard operated and chain wrench are also available. The standard wrench is removable but can be fixed to the valve by means of a setscrew.

▼ Locking Device

Locking devices can be fitted onto wrench valves. A padlock and key is then used to lock the valve into the required position.
