# Electronic Remote Totalizer

The Remote Totalizer line is an inexpensive way to remote read, totalize, normalize, standardize and retransmit pulses or obtain instantaneous flow rate.

## R1-GCE Remote Totalizer Remote Volume Totalizer

- ◀ Simple pulse counter
- ◀ Battery powered with 7-10 year life
- ◀ 8-digit LCD display
- ◀ Reset: Panel or remote (can be disabled if desired)
- ◀ NEMA 4 Enclosure\*
- ◀ 4 1/2" width x 4" height x 4" depth

## R4 Remote Totalizer Remote Totalizer with Flow Rate Indication and Analog Output

- ◀ Accepts either low frequency (E1 Pulser) or high frequency (E200 Pulser)
- ◀ Displays volume and flow rate
- ◀ Can program measurement units in USCS (English Units) or SI (Metric Units) and apply fixed factors
- ◀ Generates a 4-20mA output proportional to flow rate
- ◀ 120 / 230 Volts AC power required
- ◀ 8-digit LCD display
- ◀ NEMA 4 Enclosure\*
- ◀ 7 1/4" width x 9 1/4" height x 5" depth

Multiple displays available in one box.  
Consult Gas Essentials for details.

\* Recommended for indoor use

Other products available from

.....  
**Regulators for Natural & Propane Gas  
High Pressure Regulators up to 5000 PSI  
Filter Regulators & Gauges**

.....  
**Seismic "Earthquake" Valves  
available from 3/4" to 8"**

**MILLIKEN**

.....  
**Lubricated two way & three way Plug Valves  
CSA/CGA Approved**

Manufacturer standard warranty applies. For a copy please contact us.

Other products available from

**Itron**

.....  
Regulators for Natural & Propane Gas,  
Spring Loaded, Pilot Operated & Direct Acting

**BelGAS**

.....  
Regulators for Natural & Propane Gas  
High Pressure Regulators up to 5000 PSI  
Filter Regulators & Gauges

**Pacific  
Seismic Products**

.....  
Seismic "Earthquake" Valves  
available from 3/4" to 8"

**MILLIKEN**

.....  
Lubricated two way & three way Plug Valves  
CSA/CGA Approved

Manufacturer standard warranty applies. For a copy please contact us.
